

DETAILS OF INSTRUCTIONAL FACILITIES

(Such as laboratory and library)

The College is having all instructional facilities as per NCTE norms, 2014. The details of available Instructional facilities are enlisted below:-

1. Library cum Resource Centre

A library is a treasure house of knowledge and helps the spread of education. The College has a well stocked library possessing a rich collection of books that cover the B.Ed. syllabus. A wide range of reference books, magazines, national and international journals, e-journals ,educational CDs and daily newspapers have been made available for students as well as the faculty to enrich themselves. News material (books, CDs, journals etc.) is constantly added to keep-up-to-date with changes and developments in the field of education. The library has a spacious and well lit reading room furnished with comfortable and neat furniture and having peaceful and scholarly atmosphere that helps students to concentrate more on their work and study. The library is also provided with photocopying facility for the convenience of students. Within the reading room it has provision of reading facilities of 50 students at a time.

2. ICT Resource Centre

ICT resource center consist the following section of labs as details below :-

◆ **ICT Centre**

This lab comprises of various equipment like LCD Projector, Television, Tape recorder, Radio and Audio-Video aids like charts, models, maps, globes, pictures, slides and transparencies meant for effective teacher training. Public address system is available. Student teachers are given training in handling all equipment and using them in making teaching effective. Student-teachers take keen interest and take the help of ICT in preparing lesson plans, teaching aids and delivery of lesson. Student teachers make their lesson plans on word processor and also prepare power point slides to deliver their lessons during micro teaching. The student- teachers present their seminar through transparencies on OHP

◆ **Computer Lab**

The institution has an advanced education-cum- computer lab, which provides computing facilities. The lab comprises of computers linked with wide range of software like MS office, including dictionary. Communication and printing services are also available. The software setup has latest version of Windows. Broadband connection for Internet is there in the lab. Software in the form of CD's based upon various subjects like linguistic skills, children with special needs, information and communication technology, health and fitness, value education, environmental education, teaching and teacher behavior are available. Institution also does video recording of micro teaching and real teaching practice lessons presented by the student teachers. This lab comprises of advanced educational technology equipment which contribute a lot in modern teaching – learning practices.

3. Science Laboratories

The college aims at developing in the minds of the pupils the abilities of application, skills of experimentation, construction and improving among them scientific attitude, interest and appreciation values. Science laboratory are equipped with sophisticated equipment and lab tools serving all disciplines of pure science. Students get practiced using equipment and accessories effectively before they go for teaching practice.

◆ Physical Science Laboratory

The College has well equipped and furnished physical Science laboratory to facilitate student teachers to enhance their teaching skills through experiments, demonstrations and live presentations. The necessary equipment and materials are made accessible to the student teachers as and when required during the normal course of study and examinations. Experiments concerning with the subjects of Physics, Chemistry, up to higher secondary standard are available for the student teachers for practice.

VIDYADAYINI COLLEGE OF EDUCATION

◆ **Biology Laboratory**

The College has well designed Life Science laboratory which I equipped with several specimen, slides, microscopes and other improvised teaching aids to facilitate student teachers to enhance their teaching skills through experiments, demonstrations and live presentations. The necessary equipment and materials are made accessible to the student teachers as and when required during the normal course of study and examinations. Experiments concerning with the subjects of botany and zoology up to higher secondary standard are available for the student teachers for practice.

VIDYADAYINI COLLEGE OF EDUCATION

◆ Chemistry Laboratory

The College has well equipped and furnished Chemistry laboratory to facilitate student teachers to enhance their teaching skills through experiments, demonstrations and live presentations. The necessary equipment and materials are made accessible to the student teachers as and when required during the normal course of study and examinations. Experiments concerning with the subjects of Chemistry, up to higher secondary standard are available for the student teachers for practice.

It allows students to explore chemical concepts, view changes in matter, and acquire scientific skills in an atmosphere that mimics a professional scientific environment. The laboratory should be arranged so that instruction and lab skills can be practiced safely and effectively.

4. Psychology Laboratory

The college has a psychology lab with latest psychological tests and inventories. The well equipped psychology lab, consisting of different psychological equipment, charts, experiments, tests etc. It helps students to understand the psychology of children, adult or any other social member. It actually helps students, teachers to give qualitative output to the society. Our Laboratory has following Apparatus for Simple experiments related to educational psychology test:-

- ◆ Intelligence Test (Performance, Non-Verbal or Verbal)
- ◆ Aptitude Test
- ◆ Creativity Test
- ◆ Personality Test
- ◆ Attitude Test
- ◆ Interest & Inventories Test
- ◆ Charts, Models & Maps

VIDYADAYINI COLLEGE OF EDUCATION
